

AMARILO = $\frac{\text{CON-FIDENCE} + \text{ASPIRATION}}{\text{UNIQUE-NESS}}$

AMARILO: FOR INDIVIDUALISTS.

The design of this line of accessories is elegantly low key and yet unmistakable. This means that Amarilo can be used anywhere and matches the most popular bathroom faucets. The novel shape of the narrow wall plate blends into a flat, smooth profile. Depending on the product, the wall mounted bracket is either short or long, but the effect is always subtle and simple.

The grab bar, with its soft-touch effect, is one of the finer points of the design. The special coating on the tube and basket provide a welcome non-slip effect and the handle feels pleasantly soft to the touch. Great importance was attached to the integration of sound absorbing inlays on all glass holders. Product fitting is simple and uncomplicated.
