# CREATIVA: FOR MODERNISTS.

Practical in a completely different way. The requirements have changed. Once upon a time a soap dish, a toothbrush glass and a toilet paper holder by the toilet were all that was required. But that has long since ceased to be enough. There is rarely any practical storage space in the bathroom for the great variety of His and Her body care products and beauty equipment. With the Creativa line of accessories, Bodenschatz now presents a new solution that makes smart use of the space and is aesthetically convincing at the same time. The basic elements are manufactured from a scratch-resistant, easy-care material.

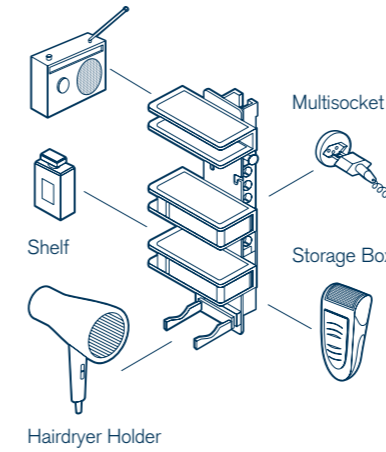

GLASS HOLDER WITH STORAGE DISH

**Stacked order:** clever use of the space above and below the toilet paper holder. In addition to the basic element with shelving space, the Creativa toilet paper holder also has an integrated magazine holder.

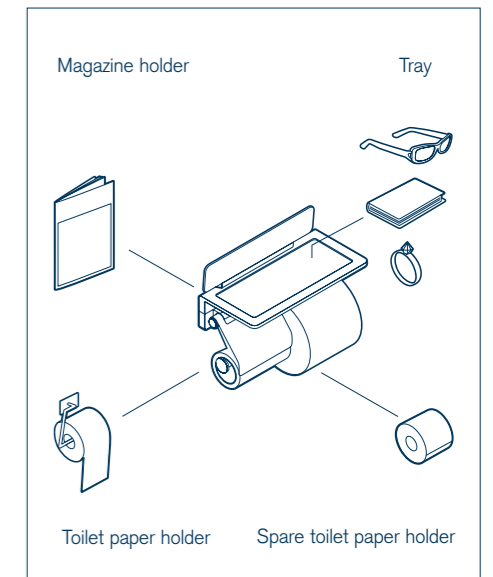

**The electrical module:** hairdryer, electric razor, toothbrushes – the practical electrical module now provides storage for all electrical equipment in the bathroom. Everything can be kept handy, with an integrated socket for each piece of equipment.

**The C profile:** even hitherto homeless body care products and make-up accessories now have their place on the multifunctional Creativa accessories, alongside the toothbrushes, toothpaste and soap. There are virtually no limits to the possible combinations of the Creativa range.

4-BAR TOWEL BAR →

**The towel rail:** if you want to hang up several towels, you usually find that lack of space is a problem. The Creativa 4-bar towel bar provides the solution: each of the four bars can be dropped down individually as required.

**The smart box:** an innovation with a great variety of options for use in the smallest of spaces – whether as a container for jewellery or cosmetic products, dental products and other small paraphernalia. Used as a wet wipe box, it is the perfect complement to the combination toilet paper holder.

**Foot-care convenience:** the foot rest, grab bar and shelf come together in this sophisticated Creativa combination, providing greater comfort and safety when tending to legs and feet.
